A. Executive Report: Mr. Nakashima reported that staff is working on analyzing the worker’s comp special assessment of $122K and questioning why the bill goes back five years and why the interest is being added. He further noted today he learned that there will be new federal legislation introduced that will affect Section 8 funding, but that issue will be fought through the legal channels. C. Status Reports: Monthly Development Report

Ms. Warren reported that she will be requesting a Housing Cooperation Agreement and funding from King City to help fix the funding gap for the OMS migrant center project. The bids came in too high in September so the RFP was sent out again after further value engineering and the current bids did come in approximately $400K less than the first bidding, but there is still a funding gap and the Housing Authority may need to front the start of construction or reduce the number of units. OMS is also seeking further funding. Ms. Warren stated she has talked with King City’s City Manager who will take the issue to the City Council; the City Manager suggested that the City might be able to do a forward pledge.

After a lengthy discussion, Ms. Warren stated since this issue is not agendized for tonight’s meeting that she would present a proposal to King City from a developer’s point of view and bring their response back to the Board. The King City Council meets December 8th or 9th and HACM has requested to be on that agenda for explanation of the OMS project issues. The Board emphasized that this would be a staff proposal and not a proposal from the Board of Commissioners. Mr. Nakashima emphasized concern that this will be the third season without this project being completed. No action required.

COMMISSIONER COMMENTS

Commissioner Stewart commented that he would like the Chair of the Board at the time of closed sessions to be sure they clarify, before coming out of the closed session, that the action from the closed session is what all the Commissioners have agreed to. Commissioner Rosen asked if he would like the action to be written down? Commissioner Stewart replied he didn’t think it needed to be in writing, but to make sure that the action is what the Commissioners have decided upon.

Commissioner Rosen commented that she was reading an article in the Sunday newspaper about Pueblo Del Mar and the Housing Authority was not mentioned once; she thought the Housing Authority should have been mentioned. Mr. Nakashima responded that he has made a telephone call expressing the Housing Authority’s concern that HACM was not mentioned in the article. Staff further explained that the organization was referring more to the programs at Pueblo Del Mar and not the agencies involved.

ADJOURNMENT

There being no further business to come before the Board, the meeting was adjourned at 7:13 p.m.
