REPORT OF SECRETARY

A. Executive Report

Mr. Nakashima reported the Washington, DC trip was interesting; he stated HUD will be concentrating on more inspections with the focus on procurement audits, Section 3 contracts and services, and deconcentration and data. Mr. Nakashima responded to Board query that HACM is basically ready for these inspections except for not knowing what is actually on HUD’s checklist, but staff will have to start now. It will be important for us to talk to other authorities that have gone through this inspection. Mr. Nakashima responded to another Board query about the processes in Washington, DC and stated that the legal system is very powerful and if they approve something then most likely it will be passed by Congress. The current restriction is that anything that has money attached to it isn’t go to move forward because of the Administration’s focus on health care, Afghan War, and immigration. He emphasized now is the time to get housing program changes submitted.

Commissioner Styles reminded that there may be changes in the Administration, such as the Presidents, but the staff stays in place; they are civil service workers that remain in that job. So the issue becomes one of dealing with the elected official but their staff may recommend what has already been imbedded from previous Administrations. The hard thing is finding who belongs to the inner circle and the current Administration’s inner circle is currently being developed. Office of Management and Budget is an important office to visit because they have the money. Commissioner Williams stated it is worth mentioning that we have an Executive Director who is very well connected to Washington, DC. Mr. Nakashima reminded that when funds are provided out of Washington, DC, there better be a well-kept paper trail.
The Board moved New Business agenda item B forward to accommodate Ms. Wong, auditor from Hayashi and Wayland.

In a brief presentation, Ms. Wong explained the audit and management letter as well as answered questions regarding those documents. She reported that the main thing is that this Housing Authority received an unqualified opinion which is the best you can have. Commissioner Healy stated he would get with staff to better understand this audit and therefore would abstain from this vote. Commissioner Bilek thanked Ms. Wong and commented the budget was very well written and it reflected where HACM is financially. The Board thanked Ms. Wong for her presentation.

A motion was made by Commissioner Stewart, seconded by Commissioner Bilek to accept Resolution 2615, approving the Audited Financial Statements for Year Ending June 30, 2008. Motion carried with the following roll call vote:

AYES: Styles, Williams, Stewart, Bilek, Jackson
NOES: None
ABSENT: Espinoza
ABSTAIN: Healy

OLD BUSINESS

Organizational Structure

Commissioner Williams stated she requested this agenda item in order to see the minutes and what was stated on the issue at the meeting and the organizational chart that was selected; she stated she would have liked more written in the minutes. A lengthy discussion ensued on the position of the Development Corporation and its connection with the Housing Authority.

Commissioner Styles reminded that the Board had directed him at the Retreat to make sure the Development Corporation was separate from the Housing Authority and that he and Commissioner Williams had been meeting and working together to make that happen. He mentioned they had talked with Ms. Warren and Ms. Santos and other staff but had not gotten to Mr. Nakashima yet. Mr. Nakashima noted that he would have liked to have been included in the beginning of the discussions since he is the Executive Director, but he does agree that the Development Corporation should be separate from the Housing Authority since they are reaching out to other counties.

Commissioner Styles stated that there is a package put together that he plans to bring to the November Board along with a new organizational chart on the separation. He emphasized that the way it is put together so far this Board becomes that Board—it cannot be changed. Therefore, the President of the Development Corporation can’t select other Board members. He stated this information will be needed for future Boards. Commissioner Stewart requested legal counsel be invited to the November Board meeting.

As deemed by the Board, no action was required; this item was for Board clarification and information only.

INFORMATION

A. Financial Report: Finance Update

Ms. Santos reported there was another VMS audit and staff is working through some challenges due to changes in the processes and procedures. As reported earlier, the line of credit is the biggest issue currently. Ms. Santos pointed out that the health trust cost had gone up to $13K in one check run and there was another check run due tomorrow. Mr. Nakashima commented that the out briefing with HUD on the VMS inspection reflected they know how HACM got to where it was due to the late appropriations and there was no mismanagement on our part, but it has to go through their supervisor before approval. HUD will defend the new reporting system no matter how onerous. No action required.

B. Human Resources Report /Summary of Activity September 2009

Ms. Giancola reported that HACM ran three vacancy ads at one time and received 285 applications for the three positions and interviews have already started with one individual already selected for one of the positions. HACM will need more recruitment efforts for the Director of Housing Assistance Programs position. She further reported that even though the union negotiations are completed, HACM has not yet received a copy of the MOU. Ms. Giancola stated that due to the changes in the MOU, a lot of personnel policy changes are needed and those would be brought to the October Board meeting. No action required.

Ms. Warren reported that Yardi has been able to provide an analysis of what percentage of time an employee spends on work orders and that has been an enlightening tool for the employees with a significant improvement from July to August. She advised that there are four projects she is trying to convert to perm and Tynan Village is the largest but because of the 80% payment standards there will be another shortfall of $500K. Mr. Caldwell stated that we need to wait to see what our payments are going to be for the month of September and look at October before knowing if or what the savings might be. When funding is received around January 1, we will be better able to know whether the payment standards can be changed; we have to do what is in the best interest of the whole organization. No action required.

D. Status Report: Monthly Property Management Report

Mr. Caldwell reported that the properties owned by MCHI are also being affected by the payment standards in the lease-up at Parkside and Casanova. Out of 60 people attending a briefing at Casanova, only two were interested in moving into Casanova and the biggest complaint was that the rent was too high. No action required.

Ms. Goebel reported that HACM has been notified that the REAC inspectors will be coming on October 15th, but they should be done in about a month. Staff is gearing up for this inspection. No action required.

F. Status Report: Eligibility/Section 8 Reports

Ms. Anderson reported that there are two new homeowners on the list under Section 8 and the FSS Coordinator stated there will be two forthcoming. She reported that due to the payment standards being lowered some landlords are becoming creative in order to keep the Section 8 tenants that they currently have renting. Eventually, the benefits will be seen but it will take several months. No action required.

G. Status Report: Administrative Report

Mr. Caldwell reported that staff continues to refine the process and procedures in the inventory area to gain more efficiency. They are also reviewing the procurement policy for any potential procurement audit as well as doing an internal audit of the procurement files to make sure staff is doing exactly what they should. There will be several staff members going to the Yardi Conference in Santa Barbara; the construction module will make it easier to administer and manage the projects for the development area. No action required.

H. Legislative Update

Mr. Caldwell reported staff continues to monitor the trends and how they affect us in terms of our clients and housing issues. No action required.

I. Media Update

Mr. Caldwell reported he had nothing to add to his report. Mr. Nakashima reported that he had provided a document that reflected nation-wide the impact of the funding shortfall for 2009 and HACM was mentioned in the article. It showed every State and the number to note is the number of vouchers in use left unfunded because that means termination. He noted he had provided Supervisor Parker’s office with a copy also. No action required.

The Board of Commissioners met in Closed Session for the following purposes and reasons:

A. Closed Session: Government Section 54957.9(b)(B):Potential Litigation: regarding contract with Wald Ruhnke Dost

COMMISSIONER COMMENTS

Commissioner Healy commented that he had recently been honored to be voted as the Vice President of Sunrise House and he was very honored to serve as their Vice President. The Board and staff congratulated Commissioner Healy.

Commissioner Jackson commented that he would like some assistance especially with the financials; Commissioner Styles recommended Commissioner Jackson set up an appointment with the Finance Director for HACM.

Commissioner Stewart asked if it was possible to have a summarization of the Committee meetings provided for the Board meeting; Ms. Tebbs explained that would difficult because the
Committee meetings end on Tuesday and the Board packet process begins on Wednesday in order for delivery on Friday.

Commissioner Williams commented she was sorry to miss the dinner, but she had another commitment. She also advised there had been a bus accident in front of Fanoe Vista; she doesn’t feel that bus stop was thought out very well. She reported no one was hurt in the accident. She further thanked Mr. Caldwell, Ms. Giancola, and Ms. Imwalle for their work on the union negotiations; they did a good job. She thanked Ms. Tebbs for working on setting up the Strategic Planning meeting and she wished all those going to Washington, DC good luck. Commissioner Williams also wished good luck to Commissioner Styles on his vacation and requested that staff take her appreciation back their staff.

Commissioner Styles thanked Ms. Tebbs for putting the dinner together and explained the issues that took place at the restaurant that evening with another group sharing the same room. He felt the restaurant had made an error in allowing that group to become larger and disruptive to our group. He noted there was a nice apology letter received from the Growers Pub that even offered another dinner or lunch to those in attendance that evening. Commissioner Williams suggested that might be an idea to consider for the Christmas dinner.

Commissioner Styles thanked the Board for their vote of confidence tonight for the Chair and Vice Chair and stated we certainly want to go forward and work with you all to make that happen. He reminded that he would be going to Washington, DC and then on to Tampa, FL for his vacation, but he would be available by cell phone.

Commissioner Williams also thanked the Board for the vote of confidence.

ADJOURNMENT

There being no further business to come before the Board, the meeting was adjourned at 9:06 p.m.
